

SONIC TATTOO

TATTOO AFTERCARE

- 1 Remove Bandage after 4 to 6 hours. DO NOT REBANDAGE!
- 2 Wash tattoo gently 3 to 4 times a day with an all natural soap and warm water to remove all excess ointment, color and dry blood.
- 3 Dry tattoo by blotting with soft, clean, dry towel.
- 4 Use only recommended ointment 3 to 4 a day for the first 3 to 4 days then switch to an unscented hand lotion (Lubriderm or Vaseline Intensive Care). It is important to use only a small amount. Rub in thoroughly and wipe off excess. DO NOT USE VASELINE OR POLYSPORINE. A slight protective scab will
- 5 form in about 2 days. DO NOT scratch or pick at the tattoo. DO NOT expose the tattoo to direct sunlight.
- 6 Healing will be complete in approximately 7 to 10 days.
- 7 DO NOT soak in a bath and NO swimming until the skin is completely healed.
- 8 Proper care during healing will insure detail and color.
- 9 If you have any questions call your artist at the studio. DO NOT rely on the information from anyone but a professional tattoo artist.

* Don't Forget

No sun, ocean, or chlorinated water on your new tattoo until it is healed. Healing time varies, usually 1-2 weeks. Peeling skin is normal. Don't pick or scratch it! Let it heal naturally. Remember touch up work is free 3 months from the date the tattoo has been done under the condition that you hold onto your tattoo aftercare sheet. If you can hold on to your tattoo aftercare sheet this proves that you cared enough about your tattoo to read it and follow it. Any
